Managing Sustained Operations

LOCATION: CSTI, San Luis Obispo

DATE: February 5-9, 2007

Effectively managing ongoing response efforts to any disaster is essential. This course is designed to assist jurisdictions in planning for and managing an extended response to a disaster. The basic principles and components of the Standardized Emergency Management System (SEMS) are presented to be used as a jurisdiction's management structure. The processing of information gathering, the development of intelligence, the Action Plan, and the Action Planning Process are emphasized as key tools in the management of extended operations. It is important that participants be familiar with the Introduction to SEMS Course. A student manual will be mailed prior to class.

Throughout the course, the following topics are discussed in depth:

- SEMS and State OES
- Managing Donated Goods and Services
- Demobilization
- Long-Term Resource Support
- Media and VIP Considerations
- Sustained Operations from the Op Area
- Finance/Administration Considerations
- Psychological/Physical Impact on Staff
- Resource Management
- The EOC Environment
- The Action Planning Process
- Recovery Issues
- DFO Operations and the Local Jurisdictions

Tuition Rate: \$575.00 *Law Enforcement Attendees Please Note: This is POST Certified Plan III.*

TUITION MUST BE PREPAID. Tuition payment is due no later than two weeks prior to the start of the course. Late registration will be considered on a case-by-case basis.
